

Announcing the 2011 Family Conference...

The Cystinosis Research Network (CRN) is pleased to announce that the **2011 Family Conference** will be held July 14-16, 2011 at the Hotel Nikko in San Francisco, California. This will be CRN's fifth family conference.

We hope you will plan to join us and learn about the latest updates in cystinosis research through lectures, workshops, poster sessions and medical and patient panels. There will also be opportunities to socialize with other patients and families which will provide valuable connections and friendships that will last a lifetime. This is a great chance to meet others who are “walking in your shoes”.

CRN is committed to providing family support to those living with cystinosis. The biennial family conference is the most important vehicle we utilize in order to bring families and the medical community together.

Enclosed you will find several “Save the Date” magnets that will serve as reminders about the upcoming conference. Be sure to start seeking out money-saving opportunities to help in your planning to attend the conference. Also enclosed is a list of ideas that families have used in the past to secure funds to attend the family conference. *We look forward to seeing you in San Francisco in July!*

Official registration information will be forthcoming in late March along with information regarding scholarships for those who qualify for assistance in attending the conference.
